## MESSAGE FROM THE MANAGEMENT

Qatar National Vision 2030 builds a bridge between the present and the future. It envisages a vibrant and prosperous country in which there is economic and social justice for all, and in which nature and man are in harmony. We need to galvanize our collective energies and direct them toward these aspirations. This requires continuous improvements in the efficiency, transparency and accountability.

To achieve the goals of the vision 2030 & build a bright future for the people of Qatar. Al Bader Training & Development Center was established to utilize all its expertise to advance our nation's development.

Let us work together to reach to the perfection; Quality, Education, Continuous Improvement, Training & Developments are our tools to be the leaders in the world.

## WHO WE ARE?

Al Bader Training & Development Center was opened to provide our clients with the best solutions and answer their needs in a very professional manner, strengthen the technical knowledge, experience and increase its recognition inside the State of Qatar and internationally.

## OUR MISSION

To deliver sustainable quality training programs so the center will always be the choice of our clients and create a working environment in which our work force can achieve job satisfaction and career development with recognized certifications.

## OUR VISION

To be Pioneers in training field by giving high standard training services, top notch instructors and best materials.

## QUALITY POLICY

-  Al Bader seeks to ensure that the resources available to support student's learning are adequate and appropriate for each program offered.
-  Continuous Improvement: The student's feedback system will provide information to lead to continual improvement.
-  Key Performance Indicators.
-  A comprehensive induction and integration process for students in each training.
-  Measuring the performance of the training team annually.
-  Running regular surveys and evaluating the performance through focus group meetings held annually.
-  Results of evaluative surveys and focus group reports will provide information to lead to continual improvement.
